**Humberto
Kern Laydner, MD**

Urologist

Humberto Kern Laydner, MD, offers comprehensive diagnostic and surgical urologic services for men and women at University Hospitals Bedford and Richmond Medical Centers, campuses of UH Regional Hospitals. He also performs advanced robotic surgical procedures at University Hospitals Case Medical Center and University Hospitals Ahuja Medical Center. Dr. Laydner is fluent in English and Portuguese.

Training/degrees:

Dr. Laydner received his medical degree at the University of Health Sciences of Porto Alegre in Brazil. After completing his general surgery and urology residencies in Brazil, he moved to Cleveland, where he completed a fellowship in advanced laparoscopic and robotic surgery. He has made significant contributions to the research and development of minimally invasive surgery in urology, including the conception of a new technique for prostate cancer robotic surgery, which is currently under clinical investigation. His work has been extensively published in the most respected urology journals and presented at several national and international meetings.

Dr. Laydner is a member of the American Medical Association, the Endourological Society and the Engineering and Urology Society.
